21 september why she likes me <3

1. you're cute You're kind You're caring and like for some stupid reason I admire ever single move you do Like wether ur drawing or doing the most basic thing ever Like you care so much for me and I love you for sticking with me when I never ever believed in myself You always sticked around when we are in contact and all and you stood up for me although you knew I fucked up bad at some point You're going thru ALOT and yet you still try ur best to comfort me even if it was w the same words that you tell me everyday it really makes a difference and I'm grateful for having you around and I went insane to the point I came to your house just to give you kisses and hugs like that was wild I've never done that seriously I just felt like we both needed it and I needed to see you right that moment so I spent my money just to go for it so I love you, I love you alot.

Dear Omar, I know this isn't much but I'm just gonna say it. I loved you in fifth grade and I still do because: I loved your smile I loved your way of talking I loved how you looked I loved everything about you. I just did and I honestly thankful for everything you've done , I really appreciate everything, every single thing Omar. You made me feel better about myself but.. things weren't the same after what happened. Well everything is fine now right? I'm losing myself but you are there to talk to me. Despite everything that has happened, you still did. You were there for me and that honestly made me feel better. So, thank you Omar. P.S:: stop saying your nose is big, it's cute Sincerely sumayyah.
